

Carers charter

Working together

Developed by carers for ALL who support or help a person receiving care from Tees, Esk and Wear Valleys NHS Foundation Trust.

Our commitment to you

We'll make sure you have a named person to contact

We'll listen and value your expert knowledge about the person you care for

We'll work with you to provide quality care

We'll include you in any decisions about the person you care for. Where this isn't possible we'll explain why

We'll support and listen to you and provide clear, accessible information to help you care

We'll respect the confidentiality of the personal information that you provide about yourself or the person you care for

We'll train our staff to understand and respect the essential role you play in the person's care and recovery

We'll actively involve you in service planning and development

Please help us

Work with us to provide personalised care and treatment for the person you care for

Share your experiences and history of the person you care for to help us provide effective care

Help us understand your own needs so we can support your health and wellbeing

Trust us to share with our colleagues as necessary the personal information you provide to improve the care we give

Respect that staff will listen but may not always be able to answer personal questions about the person you care for

Use the information we provide for carers to understand your rights and how we can work together

Help us develop better integrated, more joined up services that meet the needs of everyone

Bev Reilly, Interim Chair
