REDIRECTION – Melatonin shared care guidelines

The formulary status of melatonin has changed in each Integrated Care System our Trust operates in. It is no longer subject to shared care arrangements, therefore our shared care guidelines (PHARM-0025 Melatonin Shared Care Protocol) have been stood down. Please refer to the relevant local formulary for approved indications, preferred products and transfer of care status in each care group, as follows:

FOR DURHAM, TEES VALLEY & FORENSICS CARE GROUP:

<https://www.northeastnorthcumbriaformulary.nhs.uk/chaptersSubDetails.asp?FormularySectionID=4&SubSectionRef=04.01.01&SubSectionID=A100&drugmatch=3180#3180>

FOR NORTH YORKSHIRE & YORK CARE GROUP:

<https://www.northyorkshireandyorkformulary.nhs.uk/chaptersSubDetails.asp?FormularySectionID=4&SubSectionRef=04.01.01&SubSectionID=A100&drugmatch=5495#5495>
